In the ongoing exchange of accumulating small encounters, We always strive to embody the spirit of 'ichigo ichie' and offer hospitality.

# KUMIKO CHANDELIER

Kumiko woodworking traditionally features flat designs, but Kyo-Kumiko introduces something new by combining straight and curved wooden pieces to create intricate patterns on curved surfaces. The Kumiko chandelier, crafted with precise calculations, is truly a stunning masterpiece.

## Kumiko Chandelier

The Kumiko Chandelier is made from Kyoto-grown hinoki (Japanese cypress), known for its warm color patterns and subtle, lingering fragrance. The grand form of the chandelier adds elegance to the space, creating an atmosphere that invites you to forget the passage of time.
